AVIPRIME

Advance Growth Tonic for Poultry

AVIPRIME

Advance Growth Tonic for Poultry

Product Overview

Aviprime is a scientifically formulated liquid growth tonic designed to optimize poultry health, productivity, and profitability. Enriched with nucleotides, essential amino acids, vitamins, minerals, electrolytes, and essential fatty acids (Omega 3 & 6), it enhances immunity, improves feed conversion, boosts egg production, and supports overall growth. It is ideal for breeders, broilers, and layers, particularly during high-demand and stress periods.

Composition (per 1000 ml)

Active Ingredient	Strength
Nucleotides	5000 mg
Essential Fatty Acids (Omega 3 & 6)	500 mg
Lysine	1000 mg
MHA	1500 mg
Histidine	1000 mg
Valine	1100 mg
Leucine	1500 mg
Isoleucine	125 mg
Phenylalanine	810 mg
Tryptophan	100 mg
Arginine	490 mg
Threonine	2000 mg
Aspartic Acid	1450 mg
Manganese Sulphate	1000 mg
Zinc Sulphate	3000 mg
Copper Sulphate	2000 mg
Potassium Iodide	500 mg
Cobalt Sulphate	500 mg
Sodium Selenite	125 mg
Vitamin A Palmitate	500,000 IU
Vitamin D3	75,000 IU
Vitamin B2 Pure	500 mg
MSB (Vit K)	350 mg
Vitamin B1 Mono	1250 mg
Vitamin B6	625 mg

Vitamin B12 Pure	5.3 mg
Niacinamide	1400 mg
Calcium D Pantothenate	625 mg
Folic Acid	62.5 mg
Biotin Pure	2.5 mg
Choline Chloride	500 mg
Vitamin E	10,000 mg
Vitamin C	1000 mg
Sodium Chloride	9815 mg
Potassium Chloride	82,430 mg
Magnesium Sulphate	455 mg
Emulsifiers & D.M. Water	

Mechanism of Action

- **Nucleotides & Essential Fatty Acids** – Promote cell growth, tissue repair, and immunity.
- **Amino Acids** – Aid protein synthesis, muscle development, and egg quality.
- **Vitamins** – Boost metabolism, bone health, reproduction, and antioxidant defence.
- **Minerals** – Support enzymes, bone strength, eggshell formation, and immunity.
- **Electrolytes** – Maintain hydration, acid–base balance, and nerve–muscle function.
- **Choline, Vitamin E & C** – Protect against oxidative stress, improve liver health, and reproduction.

Benefits

- Improves immunity and body weight gain.
- Enhances egg production and hatchability.
- Improves egg mass and quality.

AVIPRIME

Advance Growth Tonic for Poultry

- Prevents mineral and vitamin deficiencies.
- Meets amino acid requirements during high production phases.
- Reduces incidence of misshapen eggs in peak lay.
- Minimizes leg weakness and bone disorders.
- Helps birds recover from stress and disease challenges.
- Improves survivability during heat and disease outbreaks.

Dosage & Usage

Breeders:

- 2 ml/litre of drinking water.

Broilers:

- 1 ml/litre of drinking water.

Layers:

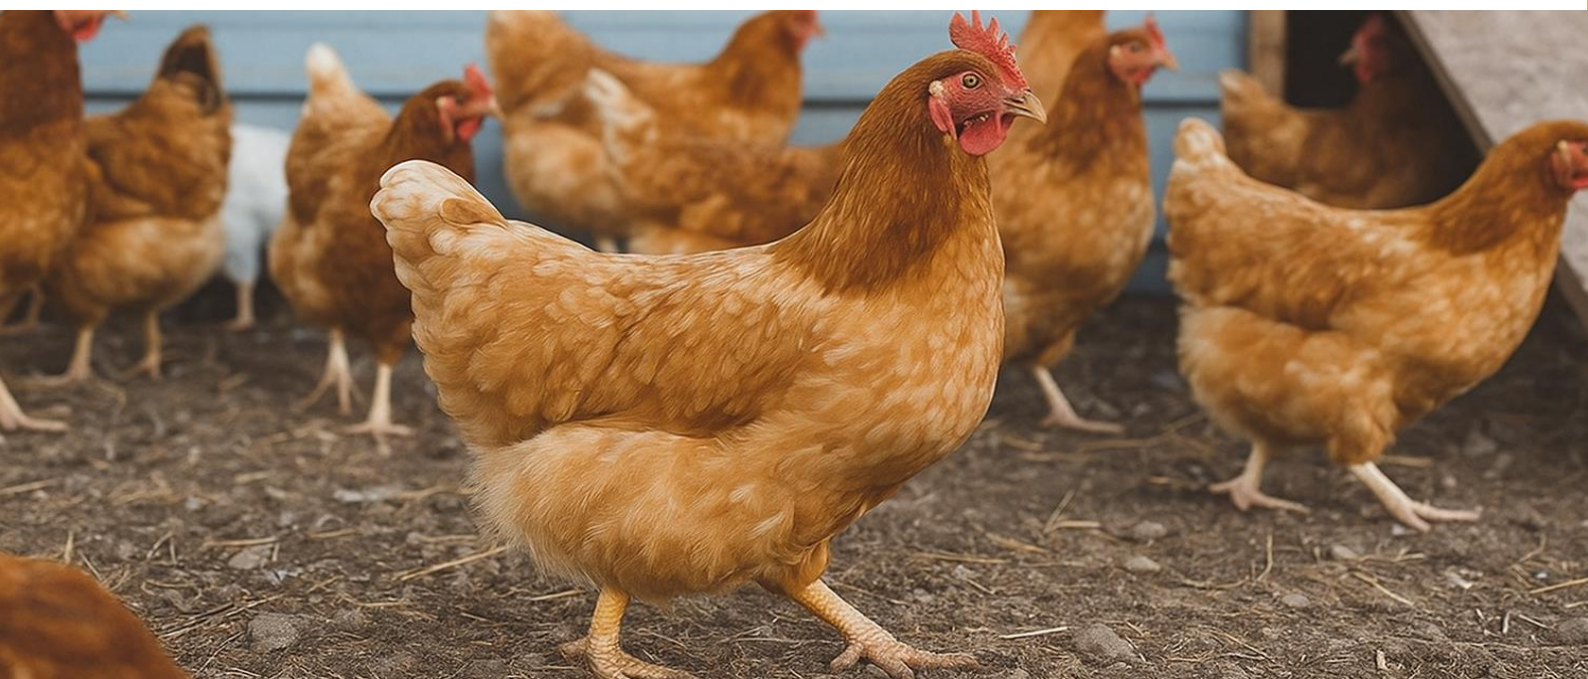

- 1 ml/litre of drinking water.

During Myco-toxicity:

- Double the above dose.

Presentation

Available in 1 L HDPE bottle
