

# FYTO GARLIC

*Allicin Based Growth Promoter & Immunity Booster*

## Key Performance Benefits

- ✓ Improves Feed Intake and FCR
- ✓ Improves liver function and detoxification
- ✓ Reduces stress during vaccination and environmental changes
- ✓ Boosts Immunity
- ✓ Enhances flock uniformity
- ✓ Enhances flock livability

## Overview

FYTO GARLIC is a premium phytogetic liquid formulation enriched with natural garlic extracts and synergistic herbal components. It acts as a powerful growth promoter, gut health enhancer, and immune modulator in poultry. The allicin-rich formulation supports microbial balance, improves feed utilization, and enhances overall production performance without antibiotic residues.

The combination of garlic, oregano, amla, and essential trace minerals improves digestion, strengthens immunity, and supports healthy metabolic functions, making it an ideal natural alternative to antibiotic growth promoters.

## Composition (Per 100 ml)

- Garlic Extracts – 100 gm
- Oregano vulgarius – 50 gm
- Emblica officinalis – 50 gm
- Magnesium Sulfate – 10 gm
- Zinc Sulfate – 10 gm
- Ferrous sulfate – 5 gm
- Potassium iodide – 5 gm

## Mode of Action

- Allicin from garlic exhibits broad-spectrum antimicrobial activity against harmful gut pathogens
- Oregano phytochemicals help regulate intestinal microflora and reduce pathogen load
- Stimulates digestive enzyme secretion, improving feed digestion and nutrient utilization
- Enhances bile secretion, supporting fat metabolism and absorption
- Antioxidants from Emblica officinalis reduce oxidative stress and strengthen immunity
- Trace minerals support metabolic and enzymatic functions for better growth
- Improves gut integrity and nutrient absorption capacity
- Promotes better FCR, body weight gain, and overall performance

## Benefits

- Improves feed intake and body weight gain
- Enhances egg production and meat quality
- Supports gut health and microbial balance
- Reduces cholesterol levels in serum and egg yolk
- Improves FCR and nutrient utilization
- Strengthens natural immunity

- Helps control bad odor from feed and litter
- Supports resistance against bacterial infections

## **Dosage & Administration**

Poultry: 1 ml per 3–4 liters of drinking water for 3–4 days

*Or as recommended by veterinarian/nutritionist*

## **Presentation**

Available in 500 ml and 1 L HDPE bottles

At Horus International Pvt. Ltd., we are committed to enhancing animal health, productivity, and overall well-being through advanced nutritional and healthcare solutions. Our Animal Health & Nutrition Division partners closely with farmers, veterinarians, and feed manufacturers across India and international markets, delivering scientifically validated products that support performance optimization, immune strength, and sustainable production in poultry, livestock, and aquaculture.

Backed by a robust research-driven approach and global collaborations, we integrate internationally proven formulations with region-specific technologies to address the dynamic needs of the poultry, dairy, and aquaculture industries. Our diverse portfolio spans feed additives, probiotics, veterinary formulations, and biosecurity solutions—each developed with a strong focus on quality, efficacy, and safety.

Guided by our core principles of Integrity, Innovation, and Impact, Rigel Global Pvt. Ltd. strives to strengthen the food value chain while empowering partners with dependable products and expert technical support. We believe that healthy animals are the foundation of a healthy world, and every solution we deliver reflects this enduring commitment.
